

# SUPERNOVA

## Five star glamping

The Supernova, with its elegant and unique design, will set your site apart from all the rest. It attracts guests who might usually stay in a five-star boutique hotel but want to be closer to nature. This takes glamping to the next level!

This luxurious lodge is ideal for couples and families looking for an incredibly special experience, to create lasting memories.

The Supernova stands out with its unique design. It comes complete with a spacious living veranda, luxury bathroom, fully-equipped kitchen and three bedrooms. One of the bedrooms is a master bedroom upstairs with a veranda, offering the perfect spot for your guests to relax.

- ✔ Impressive design and size to offer your guests something unique
- ✔ Luxury and space to create the feeling of a five-star boutique hotel
- ✔ Perfect for families with older children or a large group of friends
- ✔ Three bedrooms and two separate bathrooms for extra comfort

# SPECIFICATIONS SUPERNOVA

Elements	Colour	Specifications	Technical standards
PVC Roof	Beige Brown Green	UV and flame retardant PVC 650gr/m <sup>2</sup> .  The PVC is easy to clean and meets the stringent European, British and American fire regulations (M2, B1 and DIN 4102 standard).	BS 7837  DIN 4102 – Class B1  M2 Classification NFP 92-503  EN 13501-1 B-s3, d0  Total weight DIN and ISO 2286-2 – 650 gr/m <sup>2</sup>
Canvas inner tent	Beige	Flame retardant and Royal Ten Cate Campshield 420gr/m <sup>2</sup> with the same unique breathability as cotton. In 2009 Ten Cate outdoor Fabrics introduced an innovative fabric with inherently flame retardant properties. The fibers in this fabric provide extra security and protection. It is scorch, glow and spark resistant. Textile material that is flame retardant has an inhibiting effect on the occurrence of fire and slow fire spreading.  The Royal Ten Cate Campshield meets with the strict standards of the European, British and American fire regulations. The Campshield of Ten Cate is designed for year round use (summer-winter). It will remain in perfect condition, in all kind of weather standards for many years and is water and dirt repellent.  The windows are double layer made of mosquito net and transparent PVC. They can be closed with roll downs blends.	BS 7837: 1996  DI N 4102 part 1 – 1998Of Class B2  M2 Classification NFP 92-503 (1995)  CSE RF 1/75/A (1984)  Comfort CPAI 84  Water- and dirt repellent  Weight 420gr/m <sup>2</sup> + 5%
Fixing		The inner tent hanging system is a unique system. It has point loading, so the weight is distributed by multiple fixing points across the surface of the structure.	
Construction		The connectors of the construction are made from 2.9mm hot dipped galvanized steel.  The poles have a dia of 80 or 100mm.	

## Why choose us?

It's all in the detail. Our beautiful, sustainable glamping tents are not mass produced, but are created by a team of specialists with a passion for outdoor living. We personally manage every aspect, from the initial concept and product design, to the sourcing of eco-friendly materials and construction, to quality control. And it doesn't stop there, we provide ongoing service and support, long after you have bought your tent or lodge.

Safari Tents NZ are the distributors for Yala Canvas Lodges in New Zealand and the Pacific Islands.
